THE PRACTICE

STAUCH AND PARTNERS ARCHITECTS

STAUCH AND PARTNERS is an independent and wholly owned Namibian Business, based in Windhoek Namibia, and operates under the ownership and management of principal architect Andy Chase.

The practice draws on a rich history of design excellence in Namibia since its beginnings in 1955, and has been trading since 2003 under the present ownership and leadership structure.

Our studio serves as a laboratory of ideas, where design solutions are tested and explored. We invest the best technology available, and our clients benefit from enjoying designs solutions by way of 3D visualizations to better get a thorough understanding of their unique design solutions.

STAUCH AND PARTNERS has the resources to tackle projects of any size. Our team enjoys having the best technology available at their disposal to provide designs solutions and 3D visualizations for clients to better get to grips with their design unique solutions.

Through continuous training whether it be Continued Professional Development, or the very necessary updating skills on the software we run, our Team members enjoy keeping abreast with the latest developments in design and administration. Five decades of design, construction supervision, and project management in Namibia stand behind our practice, which offers its services country wide in Namibia.

ETHOS

Our Ethos stems from Vitruvius, the Roman architect writer and engineer who in 20BC penned the three laws of architecture:

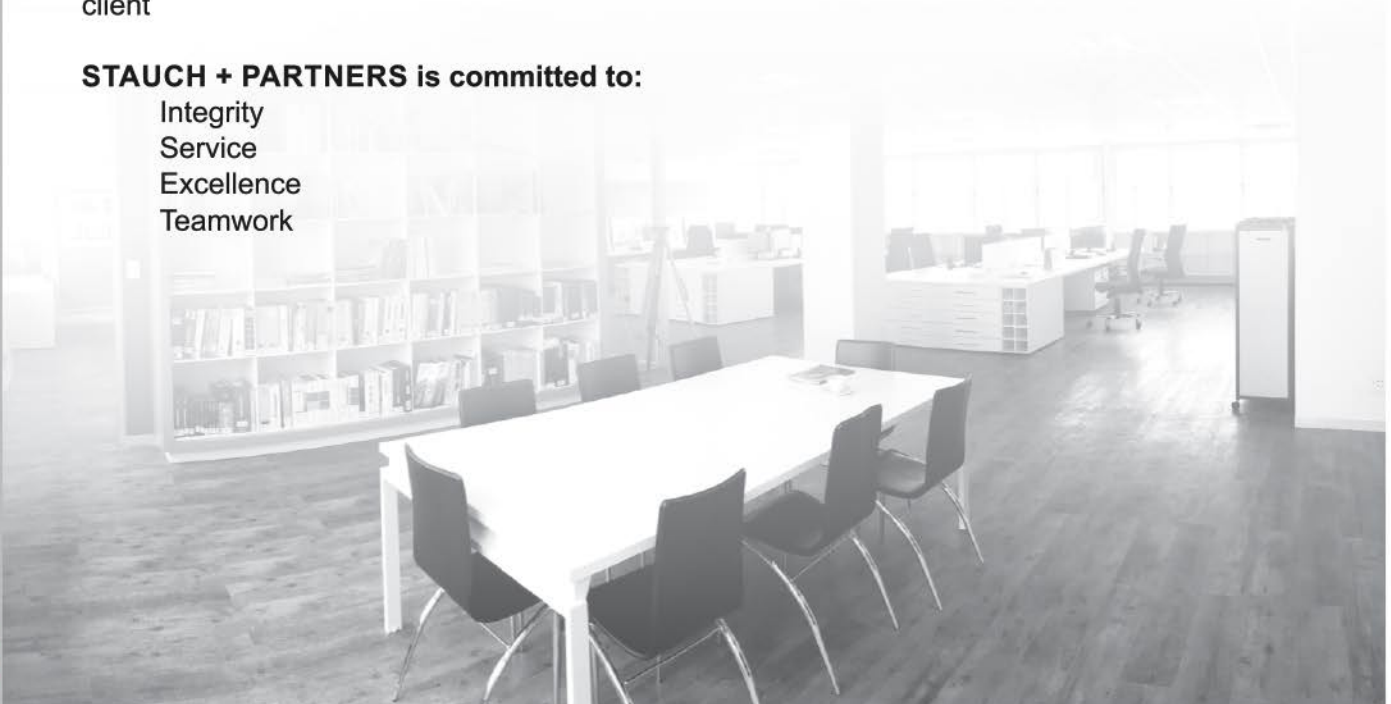

Firmitas, Utilitas, Venustas - Firmness, Utility, Delight

Stauch + Partners is committed uphold this integrity to Architecture: by providing thoroughly resolved planning; economically feasible and viable investments; technically sound structures; and aesthetically excellent buildings.

We believe that the integration of these characteristics should be complimentary and not mutually exclusive. Through client architect dialogue, we develop appropriate and innovative design solutions for each project in response to the specific needs of each individual commission and client.

STAUCH + PARTNERS is committed to:

Integrity
Service
Excellence
Teamwork

PROCESS

Form follows function:

We produce architecture and design solutions where the function is one of the key drivers of the form and final product.

The point of departure in all our commissions, and the focus of our method, is collaborating with our clients and listening effectively to their needs. As a client of STAUCH + PARTNERS, your requirements and aspirations are important and your relationship with us a priority.

Through this client architect dialogue, we develop appropriate and innovative design solutions for each project in response to the specific needs of each individual commission and client. In partnering with STAUCH + PARTNERS ARCHITECTS you will become an integral part of a design team which is focused, personal and professional.

You can expect, **Innovation, Integrity and Commitment**

BURSARIES

We are committed to investing into Namibia and its people, and our bursary scheme which has been in operation for some years has benefitted a handful of aspiring architects by providing financial assistance while studying, and employment thereafter, as a stepping stone to a career in the industry.
